BRANCH OFFICE

Sales & Stocking

6161 Rangeline Road Ste C
Theodore, AL 36582

Phone: 251-338-0886
Fax: 251-338-0887

Pumps and Parts

Self-priming, rotary gear, submersible, engine driven portable, engineered systems, pressure booster systems.

Formerly Durco, I-R, Worthington, Byron-Jackson, Numerous types of centrifugal pumps.

Horizontal ANSI, API, multi-stage, split case, fire pumps, vertical, flows to 132,000gpm, chemical, API, Pulp & Paper, General Industry.

Line of peristaltic pumps and hose pumps with max pressure capabilities up to 230 PSI.

Air operated double diaphragm, 1/4" – 3" in metallic and non-metallic materials.

Heavy-duty solids handling slurry pumps, horizontal and vertical cantilever shaft. Hard metal and rubber lined.

Premium quality Mag Drive pumps to handle hazardous chemicals and hot oil services.

Progressive cavity for industrial market, metering, CIP with 3-A sanitary USDA specifications, macerators.

Metallic and non-metallic Mag Drive and drum pumps. Ultra Chem line of Teflon lined ANSI dimensional mag drive pumps.

Close coupled standard fitted and all stainless steel pumps.

Condensate pump systems, liquid gas pumps with 1' NPSH required.

Rotary Lobe type pump for industrial applications. "Maintenance in Place" for simplified repairs.

Coolant and Industrial pumps. Horizontal and vertical. Iron and stainless steel.

**ADVANCED
ENGINEERED
PUMPS**

Parts and complete pumps to interchange with Allis-Chalmers CSO, PWO, 731, PS Plus, NSW, NSY, 8000/8100

Heavy Duty Submersible Pumps in High Chrome, Stainless Steel & Iron. Shredder Pumps, Slurry Pumps, High-Temperature applications.

Close coupled centrifugal pumps for industrial, sanitary, and marine applications

Eliminator Extreme Duty Submerible/Horizontal Slurry Pumps with High Chrome wear parts. Great for mining and quarry applications.

Mechanical Seals/Packing

Formerly Durametallic and Borg-Warner (BW/IP) seals. Bellows, spring, single/double, cartridge and non-cartridge, emissions, dry running gas seals, severe duty slurry seals, split seals, mixer seals with all accessories. Advanced coupling designs.

New England Braiding's patented Anti-Keystone II packing products.

**EDWARDS
FIBERGLASS**

Tanks

Non-metallic construction with Corezyn vinyl elastomer. 10 – 40,000 gallons vertical or horizontal single or double well, above or below ground. Built to ASTM specifications.

**BENDEL
CORPORATION**

Atmospheric, open top, hoppers, pressure vessels and patented tent tanks. All grades of stainless or carbon steel. 2 - 80,000 gallons, vertical or horizontal, single or double wall, above ground. ASME certified.
